

# ADOPTING THE DEPARTMENT OF YOUTH, FAMILY, AND CHILDREN'S MODEL POLICY AND REPORTING OF CONFINEMENT AND ISOLATION DATA

DECEMBER 2023

CLARK COUNTY JUVENILE COURT IS COMMITTED *to providing a safe and rehabilitative environment for the youth assigned to our care.* We have worked diligently over the last several years to adopt the model policy and reduce confinement and isolation for the youth in our care. We are proud of the Juvenile Detention Officers of Clark County, who make every effort to provide the very best conditions of confinement possible.

## Clark County has chosen to adopt the Model Policy for Reducing Confinement and Isolation in Juvenile Facilities

During the 2020 Legislative Session, Second Substitute House Bill 2277 Concerning Youth Solitary Confinement was passed. Beginning June 11, 2020, separating youth and confining them as a punishment or retaliation is prohibited. In recognition of the potential harm caused by prolonged confinement and the demonstrated ineffectiveness for reducing behavioral incidents, the bill further defined the limited instances when room confinement and isolation can be used. The model policy is intended to provide additional guidance on how to use room confinement or isolation in a way that advances the rehabilitative goals of the juvenile justice system in Washington State and that it is not used as a punitive measure.

The following data completes Clark County's obligation to report and post its confinement and isolation data.

Please feel free to contact Juvenile Court Administrator Christine Simonsmeier [christine.simonsmeier@clark.wa.gov](mailto:christine.simonsmeier@clark.wa.gov) or Juvenile Detention Manager Kevin Memsic [kevin.memsic@clark.wa.gov](mailto:kevin.memsic@clark.wa.gov) if you have any questions or concerns.

## LEGAL MANDATE

### RCW 13.22.050

Requires counties operating a detention facility to compile and report on their website data related to the room confinement and solitary confinement of youth in their custody.

### RCW 13.22.060

Also requires that confinement data be reported to the Department of Children, Youth, and Families.

## DEFINITIONS

### ROOM CONFINEMENT

A juvenile is separated from the youth population and placed in a room or cell that the juvenile is assigned to for sleeping, other than during normal sleeping hours or interim rest hours. "Room confinement" does not include time a youth requests to spend in his or her room or rest periods in between facility programming. Juveniles are in room confinement from the moment they are separated from others until they are permitted to rejoin the population. RCW 13.22.010

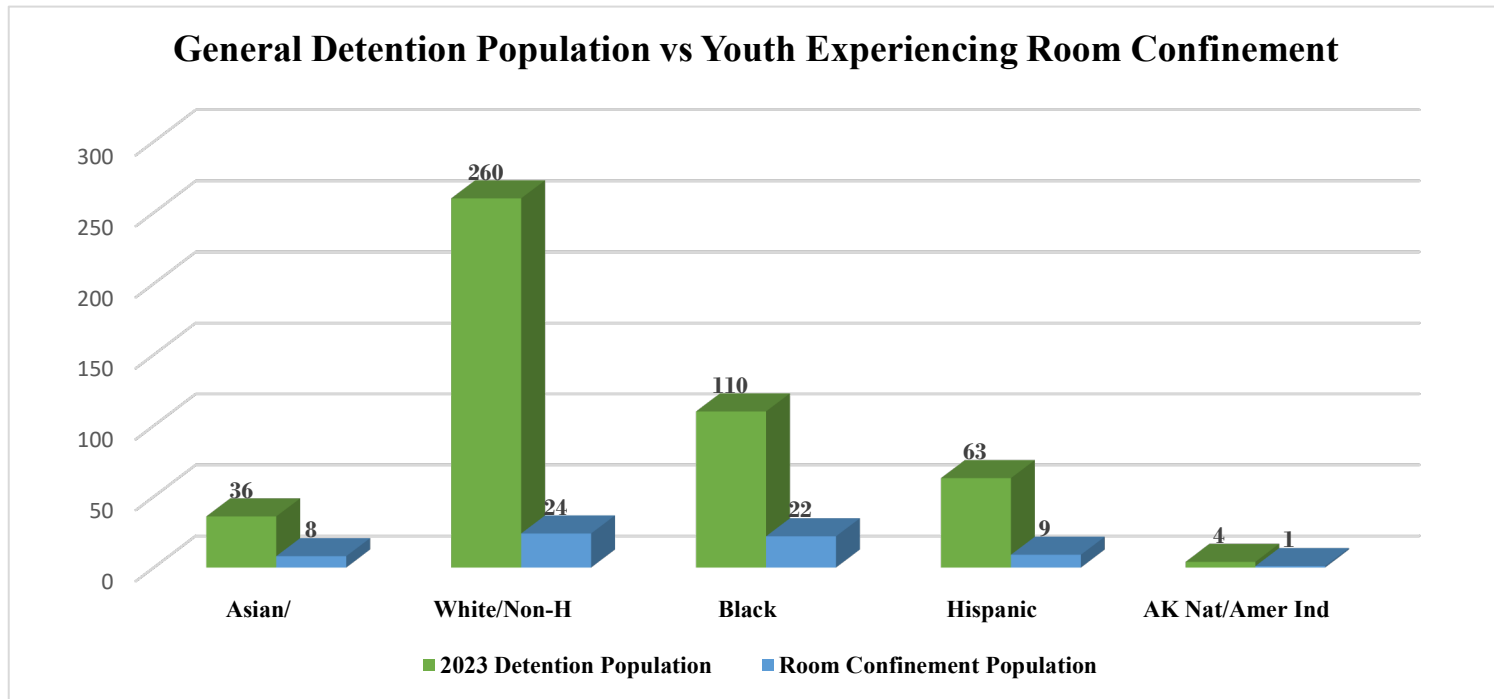

### ISOLATION

Confinement that occurs (a) when a youth is separated from the youth population and placed in a room for longer than fifteen minutes for the purpose of discipline, behavior modification, or due to an imminent threat to the safety of the youth or others; and (b) in a room other than the room assigned to the youth for sleeping. Juveniles are in isolation from the moment they are separated from others until they have rejoined the population. RCW 13.22.010

### SOLITARY CONFINEMENT

A youth is involuntarily separated from the youth population and placed in a room or cell other than the room assigned to the youth for sleeping for longer than fifteen minutes for punitive purposes. Different terminology does not exempt practice from being "solitary confinement. RCW 13.22.010
